OUR SHIP SAILS THROUGH PANDEMIC

The Covid 19 pandemic presented us with unique challenges. However, we ensured that the students continued to remain engaged in their curricular activities. We also provided counselling sessions that helped the children cope with mental stressors that arose during the pandemic. Our teachers endeavoured to conduct online classes and followed a systematic pattern. All classes were conducted regularly and the progress of each and every child was monitored.

BRIGHT KIDS FOUNDATION (BKF) is a registered charity trust under the Mumbai Charity Commission Act 1950. The donors of Bright Kids Foundation are eligible to claim tax exemption as per the provision of Income Tax Act 1961- India. A donation certificate is issued instantly on receipt of a donation with all 80G details. The aim of our foundation is to use 100% donation money towards the mission cause, as all administrative expenses are borne by the Founder/Trustee members of the Foundation.

ROADMAP AHEAD FOR ACADEMIC YEAR 2021 -22

OUR OWN SCHOOL BUS ARRIVES – We have purchased a brand-new Force Traveller 25-seater bus. Our heartfelt thanks to SBI Mutual Fund who donated INR 16.62 lakhs from their CSR budget. This bus has been procured to meet our students' transportation needs to the BKF centre and educational excursions, additionally it will also act as a “School on Wheels”- a new concept that we are working on.

INCLUSION OF EDUCATION TO CHILDREN OF CONSTRUCTION WORKERS – This activity which was supposed to be implemented in 2020-21 could not take place due to the pandemic. However, with the purchase of the bus, we are aiming to put this project in place this year.

INCLUSION OF EDUCATION TO HOMELESS CHILDREN – Our Mission is to serve the underprivileged children. The homeless children living on the roadside should be one of the main beneficiaries. We want these children to experience classroom teaching. Additionally, we aim to take care of their nutritional needs when they attend the class at BKF. Our nutrition includes boiled eggs, fruits and healthy snacks. This can be made a real success with the generous donations we strive to receive from Corporates, Individuals etc.

INCREASE THE NUMBER OF STUDENTS - SWD-GORAI LOCATION – One of the reasons for selecting the new SWD Gorai premises is the availability of deserving students in this vicinity. The new SWD-Gorai premises is surrounded by low-income housing clusters and municipal schools. We are very pleased to say that we have already received a good number of students and are continuing to expand our student base.

SCHOOL WITH A DIFFERENCE (SWD) – GORAI BORIVALI, MUMBAI

School with A Difference (SWD) was conducted in Kandivali in the year 2019 turned out to be a massive success. However, the facility at Kandivali did not meet the standards that BKF would like to have for its children. It was not spacious; the ventilation and surroundings were not encouraging for developing our students' learning skills. This urged us to look for a spacious and learning conducive location at Gorai, Borivali West. It is a duplex row house with well-structured 4 classrooms, good sized terrace and a more hygienic environment compared to the old location. Many of our prior year students have relocated to their village due to lockdown. Hence our current student strength is 72.

We at BKF conceptualised this term 'School With A Difference' and over the past few years have truly upheld the meaning of it.

The new premises have the following additional facilities:

- Library & computer rooms
- Spacious classrooms, staffroom, clean washrooms and clean drinking water facility
- Private area for visitors to interact with staff
- Special area for activities like yoga and dancing

PROJECT BKF COVID-19 GROCERY FUND

The need of the hour in 2020 was helping distressed migrant workers who had lost their jobs due to Covid19 and those families that were financially crippled. We took it upon ourselves to do our bit and provided additional help to those who required assistance during the lockdown. We collected donations from family and friends and arranged to buy basic essential grocery items. We also made prepacked bags to ensure easy distribution.

With the support of the donors, we could do our bit by helping the families as detailed below:

- 50 families who lost daily income in Poinсур, Kandivali East
- 11 families on footpath in Saibaba Nagar, Borivali West
- 19 families on footpath on Link Road, Borivali West
- 8 families with no disposable income in Charkop sector 6 and 5 families in Charkop Sector 8 of Kandivali West (thanks to BJP MLAs Sunil Rane and Vinod Tawde and their supporters)
- 80 construction labourers stranded in Goregaon East.

A special mention and thanks to the following individuals who contributed towards this effort.

BKF SWD ANNUAL SPORTS DAY

BKF believes in a holistic development of our students hence we encourage children to explore and develop their skills, be it creative or athletic skills. Many of our students showed an inclination towards athletics. We organized Annual Sports Day in Mar 2020. The medals and certificates were distributed to the winners. BMC was kind enough to offer their sports grounds and open areas for this event.

BKF SWD ONLINE TEACHING SYSTEM

Due to the pandemic, we started teaching online in March 2020 for students. We created a WhatsApp group for students based on their year of school and started giving them assignments & exercises. We used Zoom app for online lectures.

Online teaching does pose a few challenges like connectivity, data availability and smart phone availability in each and every household. But with our team effort we overcame all problems and conducted our online lectures regularly. The students benefited immensely from the online classes and it also kept them busy during an otherwise difficult time. The attendance was 80% as some of the students went to their native villages and struggled for network.
